E-mail address

ahmedelamir@kasralainy.edu.eg

### **1-EDUCATION**

#### **University Degrees**

2016-present

##### **PhD research training and fellow**

Clinical oncology department,  
Kasr Alainy School of Medicine, Cairo University, Egypt  
Expected degree in December 2018

Title: *Vascular endothelial growth factor (VEGF) in serum by ELISA as a prognostic and predictive factor for clinical response in advanced bladder cancer, a prospective study*  
Supervisor :Professor Dr. Ehab Elnakoury

2012-2015

##### **Masters of clinical oncology**

Clinical oncology department  
Kasr Alainy School of Medicine, Cairo University, Egypt  
Magna cum laude Designation

Title: *Clinico-epidemiological study of patients with exocrine pancreatic cancer, Retrospective analysis*  
Supervisor: Professor Dr. Mohamed Abdullah

2004-2012

##### **Doctor of Medicine**

Kasr Alainy School of medicine , Cairo University, Egypt  
Summa cum laude Designation

## **Postgraduate Training**

2012- 2015

### **Clinical oncology Residency Program**

Kasr Alainy Hospitals  
School of medicine, Cairo University, Egypt

2011- 2012

### **Internship**

Kasr Alainy Hospitals  
School of medicine, Cairo University, Egypt

## **Qualifications, Licenses and Certifications**

2016

United States Medical License Examination (USMLE) step2CK with a (239) 3-digit score

2015

Oncology specialist at Medial syndicate of Egypt  
ID: 228349

2013

United States Medical License Examination (USMLE) step 1 with a (238) 3-digit score

2012

General practitioner at Medical syndicate of Egypt  
ID: 228349

## **2. EMPLOYMENT**

### **Current Appointments**

March 2017-present

Oncology specialist, Central police hospital-Elagouza, Cairo, Egypt

December 2016-present

Junior university staff, Clinical Demonstrator of clinical oncology clinical oncology department, Cairo University, Egypt

2012-present	Membership of the Egyptian Medical Syndicate

## **6. RESEARCH**

Clinical research focus	1-GIT cancers 2-GU cancers 3-Lung cancers
Molecular research focus	TME and SMAD4 in PDAC
Prospective study	<b>Title:</b> Vascular endothelial growth factor (VEGF) in serum by ELISA as a prognostic and predictive factor for clinical response in advanced bladder cancer, a prospective study <b>Role:</b> PI <b>Current status:</b> Recruiting

## **7.PUBLICATIONS**

### **Published book(Masters)**

- **Elamir A.**, Ahmed R., Mashour K, Abdulla M. (2015) Master thesis “*Clinico-epidemiological study of patients with pancreatic adenocarcinoma, retrospective analysis*” Clinical oncology department, Faculty of medicine, Cairo University. Thesis ID: **Cai01.11.23.M.Sc.2015.Ah.C**

## **Accepted book**

-Rachel L.O. Olson, Judith V. Forner, Pilar Navarro, Martin E. Fernandez-Zapico **Ahmed M. Elamir** “*Role of Tumor-Stromal Interactions in Pancreatic Cancer Invasion and Metastases*” **Pancreatic Cancer**, edited by John P. Neoptolemos, Raul A. Urrutia, James L. Abbruzzese and M. W. Büchler, book chapter

**Martin E. Fernandez-Zapico<sup>1</sup>**

**<sup>1</sup> Schulze Center for Novel Therapeutics, Mayo Clinic, Rochester, MN, USA**

## **8. PRESENTATIONS AND LECTURES**

### **Oral presentation**

April 2015

Clinical oncology department, Cairo University

Topic: *Master’s thesis defense Clinico-pathological study of exocrine pancreatic cancer patients, Retrospective analysis between 2005-2013*

2014

Clinical oncology department, Cairo University

Title: *Pneumocystis jiroveci infection in oncology patients*,  
Oral presentation

### **Poster discussion**

January 2016

Breast and gynecological international conference

Title: *Loss of weight at presentation correlates with survival in patients with pancreatic adenocarcinoma*, poster discussion

## **9. CONTRIBUTIONS TO TEACHING AND EDUCATION**

### **Side teaching**

Gastro-esophageal cancers

Targeted therapy in Metastatic colorectal cancers

Management of borderline resect-able pancreatic cancer

Case report of pancreatic NHL

Concurrent chemotherapy radiation therapy in pancreatic cancer

Adjuvant treatment options following surgery in PDAC cancers

Immunotherapy in pancreatic cancers

$\alpha/\beta$  ratio and its radiobiological significance

Late effects of radiation therapy in Hodgkin lymphoma

Neo-adjuvant therapy in bladder cancer

### **Contouring sessions**

Rectal cancer delineation pitfalls

Radical radiotherapy in pancreatic cancer

Basics of IMRT and treatment verification

Organ at risk (OAR) delineation and constraints in head neck cancers

Radical radiotherapy in prostate cancer

Neck nodal levels and delineation

Breast cancer contouring session

Concurrent chemo-radiotherapy in lung cancer

**10. Extracurricular activities** Participation in fundraising campaigns for Kasr Alainy hospitals in clinical oncology department
