To Whom It May Concern

I have known Architect Salma Mohammad Ahmad Abouldahab as an undergraduate student in the Architectural Department at Cairo University. She has shown great potential in research course work with excellent abilities in solving problems. She has always proved to be responsible.

On the personal level, Salma is active, enthusiastic, and extremely cooperative person.

I strongly believe that if given the opportunity to pursue further postgraduate studies in your distinguished institution, her strong determination and hardworking attitude will enable her to accomplish her Masters seriously and successfully. It would strengthen her academic and professional skills that would be essential in her future career. .
