Post graduate Lectures.

Working in the Pulmonary Vascular Unit (performing Swan Ganz catheterization and approach to patients with pulmonary hypertension).

Working in the pleural research unit.

• **Professional Experience:**

House officer at Kasr El-Ainy hospital, Faculty of Medicine, Cairo University from 1/3/2000 to 28/2/2001.

- Resident of Chest Medicine in Chest Department, Kasr El-Ainy hospital, Faculty of Medicine, Cairo University from 29/3/2001 to 28/3/2004. (During being a resident, six months were spent as a resident in respiratory intensive care unit (RICU) under the supervision of Professor Medhat Abdel-Khalik Soliman, MD, FCCP, Professor of Chest Medicine, and Head of RICU, Kasr Al-Aini hospital, Cairo University)

Clinical demonstrator of Chest Medicine in Chest Department, Faculty of Medicine, Cairo University from 24/10/2004 to 13/6/2005.

- Assistant lecturer of Chest Medicine in Chest Department, Faculty of Medicine, Cairo University from 14/6/ 2005 to 28/4/2008.

During being clinical demonstrator and assistant lecturer:

-Training on Fiberoptic bronchoscopy under the supervision of Professor Abd-Elhakim Mahmoud MD, FCCP, Professor of Chest Medicine and the founder of the Fiberoptic bronchoscopy unit in Cairo University.

-Training on performing pulmonary functions in the pulmonary function unit under the supervision of Professor Maysa Sharaf Eldin MD, FCCP, Professor of Chest Medicine, and Head of the pulmonary function unit.

-Attending at the Respiratory Intensive care unit (RICU) twice weekly.

- Lecturer of Chest Medicine in Chest Department, Faculty of Medicine, Cairo University from 29/4/2008 till the present time.

-I participated in founding of the pulmonary vascular unit in Cairo University, and I am responsible for performing Swan Ganz catheter for patients with pulmonary hypertension in the department.

Responsibilities of a lecturer in Cairo University:

-Clinical round in the department with the assistant lecturer, the resident and house officers twice weekly.

Participation in performing interventions needed for the patients, namely fiberoptic bronchoscopy and medical thoracoscopy.

-Undergraduate/ post graduate clinical teaching classes.

-Post graduate Lectures.

Skill Base:

Medical Skills:

- Extensive experience in fiber-optic bronchoscopy and its interventions (BAL, TBLB, TBNA, Bronchial brushing, argon plasma coagulation)

- Extensive experience in pleural aspiration

- Extensive experience in medical thoracoscopy

- Extensive experience in Right heart catheterization

- ICU skills: such as inserting ETT, central lines, ICT, managing patients on MV.

• ICDL.

• Languages: Arabic (Fluent), English (Excellent), Spanish (Basic Knowledge), and French (Basic Knowledge)

Translation from English to Arabic:

- Original title: Eyewitness Guides: Skeleton (Author Steve Parker) published by arrangement with Dorling Kindersly Limited, through Nahdet Misr for publication in 2007

- Original title: Eyewitness Guides: Human body (Author Steve Parker) published by arrangement with Dorling Kindersly Limited, through Nahdet Misr for publication in 2007

Social Activities:

Charity activities.

Member of Egyptian Shooting club, 6 of October club, and Cairo University staff members club.

Memberships:

American Thoracic Society

Egyptian society of Chest Diseases and Tuberculosis

Egyptian society of Respiratory system and Allergy

Conferences (attended and participations):

- 8th Pulmonary Medicine update course, held in New Kasr AlAini Teaching Hospital.

- Interdisciplinary training course “Intervention Bronchoscopy &Thoracoscopy “The Egyptian society of respiratory system and allergy, and University of Heidelberg, Germany”, held in CairoUniversity, 2008.
- The Annual meeting of Chest department , Cairo University in Collaboration with the American College of Chest physicians “Update of Pulmonary Medicine”, held in Cairo University 2008.
- 9th Pulmonary Medicine Update Course, held in New Kasr AlAini Teaching Hospital, 2009.
- The 51st International Congress of the Egyptian Society of Chest Diseases and Tuberculosis, (Pan Arab Respiratory Meeting), held in Cairo 2009.
- 10th Pulmonary Medicine Update course, Respiratory Care Unit, held in New Kasr AlAini Teaching Hospital, 2010.
- The third joint Pulmonary Hypertension Assembly Saudi Association of Pulmonary Hypertension and Pulmonary Vascular Research Institute (SAPH/PVRI), held in Sharm El-Sheikh, Egypt, April 2010 .
- The European respiratory society congress, held in Barcelone, Spain, September 2010.
- 2nd Middle East and Africa Pulmonary Hypertension Forum. Scientific symposium, held in Dubai, UAE, 2011.
- Recent advances in Pulmonary Medicine Conference; Egyptian Society of respiratory System and Allergy, 2011.
- American Thoracic Society congress, held in San Francisco, USA, May 2012.
- The European respiratory society congress, held in Vienna, Austria, September 2012.
- American Thoracic Society congress, held in Philadelphia, USA, May, 2013.
- The 54th International Congress of the Egyptian Society of Chest Diseases and Tuberculosis, Cairo, Egypt, 2013.
- The Annual Conference of Chest diseases Department, Cairo University, December 2013.

Visiting Professorships/Invited Lectures:

51th International Congress of the Egyptian Society of Chest Diseases and Tuberculosis, (Pan Arab Respiratory Meeting), 2009.

“Endothelial Dysfunction in Obstructive Sleep Apnea Syndrome”

The 54th International Congress of the Egyptian Society of Chest Diseases and Tuberculosis, 2013.

“Right Heart catheterization”

The Annual Conference of Chest Diseases Department, Cairo University, 2013.

“Right Heart Catheterization Procedure”

The 12th annual conference of Radiology department, Cairo University, 2012.

“Suspected pulmonary Embolism, Clinical Approach”

American Thoracic Society congress, San Francisco 2012

“Cognitive Auditory Dysfunction in Idiopathic Interstitial Pneumonia”

Supervised MSC/MD student thesis:

- Relationship between different variables of BODE index
- Depressive symptoms in chronic obstructive pulmonary disease
- Value of Quantiferon in diagnosis of latent tuberculous infection in chronic renal failure patients
- Noninvasive positive pressure ventilation in acute respiratory failure
- Evaluation of drug resistance in mycobacteria tuberculosis isolates
- Evaluation of changes in the right side of the heart in COPD
- Obstructive sleep apnea in Chronic renal failure patients

Publications:

- Role of six minute walk test in assessment of severity of idiopathic interstitial pneumonia, published in *Egyptian journal of tuberculosis and chest diseases*. Volume 59, Number 3, January 2010.
- Cognitive auditory dysfunction in idiopathic interstitial pneumonitis, published in *Egyptian journal of tuberculosis and chest diseases*. Volume 61, Number 1, January 2012(*Presented as a poster in American Thoracic Society congress 2012*).
- Study of the relation of erythropoietin and chronic obstructive pulmonary disease, published in *Egyptian journal of tuberculosis and chest diseases*. Volume 61, Number 3, July 2012(*Presented as a poster in American Thoracic Society congress 2013*).
- Evaluation of FAST-plaque response in the detection of Rifampicin resistance among Mycobacterium tuberculosis isolates, published in *Egyptian journal of laboratory sciences*. Volume 21, Number 2, September 2012
- Quantiferon versus tuberculin testing in detection of latent tuberculosis infection among chronic renal failure patients, published in *Egyptian journal of tuberculosis and chest diseases*. Volume 63, Number 1, January 2014
- Echocardiography versus right heart catheterization in class I pulmonary hypertension, accepted for publication in *Egyptian journal of tuberculosis and chest diseases*, in 9 December 2013
- Effectiveness of Non invasive positive pressure ventilation in Chronic obstructive pulmonary disease, accepted for publication in *Egyptian journal of tuberculosis and chest diseases*, in 29 December 2013
- Searching for the least invasive parameters used as predictors of survival in idiopathic pulmonary hypertension accepted for publication in *Egyptian journal of tuberculosis and chest diseases*, in April, 2015

Personal Data

Date of Birth: April 16th 1975.

Marital status: Married since August 2004, with three children
