PERSONAL PROFILE

I am Hala Mahmoud Naguib Hosni, Assistant Professor of Pathology , School of medicine, Cairo University. I have a very good experience in pathology for more than 17 years, with a special interest in endoscopic and gynecological pathology. Also I have a very good experience in Cytology diagnosis and fine needle aspiration for more than 5 years in the cytology unit with a special interest in cervical pap smear. I gained my practical experience through my work in the Pathology Department, School of Medicine, Cairo University. I am a member in the Egyptian Academy of pathology and the Arabic Academy of pathology. I have a very good experience in dealing with operating systems of the computer.

KEY QUALIFICATIONS:

- **2006-2013 (till now):** pathology and Cytology consultant in Mokhtabar.
- **2007-2009:** Training in the Cytology unit with a special training in Fine Needle Aspiration technique, Pathology Department, Faculty of Medicine, Cairo University.

- **2003-2004:** Training in the New Kasr-El-Eini Teaching hospital Faculty of Medicine, Cairo University.
- **1998:** In the Gyn & Obst. Pathology unit
- in the pathology Department, Faculty of Medicine, Cairo University.

EDUCATION:

- M.D. OF Pathology in May 2004, (the thesis was in breast cancer pathology).
- M.Sc. of pathology in May 2000, (the thesis was in liver pathology), and was signed up good.
- Full registration in Egypt, March 1994.
- First Part of internal medicine in May 1995, and was signed up very good.
- M.B., B.Ch. Cairo University in Dec. 1992 and was signed up excellent with honors.
- Kasr -El-Eini, Faculty of Medicine ,Cairo University : From Oct 1986-Dec. 1992, studying: Anatomy, Physiology, Histology, Biochemistry, Pathology, Pharmacology, Parasitology, Bacteriology, Public Health & Hygiene, Forensic Medicine, Ophthalmology, Otolaryngology, Pediatrics, Obstetrics& Gynecology, General Medicine and Surgery

POSITION HEED:

- **2009- till now:** Assistant professor of pathology and cytology, Faculty of Medicine Cairo University

- **2004-2009:** Lecturer in Pathology, Faculty of Medicine, Cairo University.
- **2000-2004:** As assistant lecturer in Pathology, Faculty of Medicine, Cairo University.
- **1996-2000:** As a resident in Pathology, Faculty of Medicine, Cairo University.
- **1994-1996 :** As a resident in internal medicine Department, Kasr El-Eini Hospital, Faculty of Medicine, Cairo University.
- 1994 (for six months): As a visiting resident in the anesthesia department, Kasr El-Eini Hospital, Faculty of Medicine, Cairo University.
- **1993-1994:** Rotational Registration internship in Kasr-EI-Eini University Hospital: which included general medicine, general surgery, paediatrics, obstetrics & Gynecology, accident and emergency, anesthesiology and industrial medicine.

PUBLICATIONS:

- Thesis, submitted in the partial fulfillment of the M.D. degree in Pathology in Tumor angiogenesis (CD31) and Bcl-2 expression in breast cancer: an immunohistochemical study, 2002 published at Cairo University.
- Thesis, submitted in partial fulfillment of the master degree in Pathology in Detection of T-cell subsets (CD4 + and CDS +) in chronic hepatitis and liver cirrhosis, 1999 published at Cairo University.

- A prospective comparative study of two vs three dimensional ultrasonography in evaluation of cases with premenopausal bleeding, Published in Kasr El Aini Medical Journal, May 2005.
- Prognostic value of P27 KIP 1 expression in advanced ovarian cancer, Published in Journal of clinical oncology and nuclear medicine, April 2007.
- A comparative immunohistochemical study of E-cadherin and P53 expression in breast carcinoma.
- Mast cell involvement in gastritis with or without Helicobacter Pylori infection, Published in Kasr El- Aini Medical Journal , July 2006.
- Immunohistochemical study of vascular endothelial growth factor, angiogenesis and proliferation by Ki67 in juvenile nasopharyngeal angiofibroma.
- C-Kit (CD117) expression in benign and malignant epithelial salivary gland tumors, Published In Journal of Egyptian Society of Pathology, June 2007 .
- Estrogen and progesterone receptors in meningioma and the correlation with cell proliferation: An outcome for tumor free survival, Published by The Egyptian Journal Of Neurosurgery, June 2007.
- Cyclooxygenase-2 , HER-2 immunohistochemical expression and correlation with hormone receptors in invasive and adjacent in situ breast carcinoma, Published in Kasr El-Aini Medical Journal , November 2007.

- Prevalence of Triple-Negative group of breast carcinoma and its relation to basal subtype, Published in Kasr El-Aini Medical Journal , May 2008.
- Mesangial proliferation: Histopathological study of morphological pattern, Published in Journal of Egyptian Society Of Pathology, December 2007.
- Histopathological comparative study of the placenta in normal and preeclamptic pregnancy, Published in Journal of Egyptian Society Of pathology, December 2007.
- Proliferative potentiality of different epithelial phenotypes in benign and malignant breast lesions. Immunohistochemical study using a smooth muscle actin (α -SMA), CK5/6 and cyclin D1, Published by The Egyptian Journal Of Pathology, June 2008.
- Ultrastructural study of hepatic changes after human umbilical cord blood stem cell transplantation in chronic murine schistosomiasis. Published in Journal of American science, May 2013
- Histopathological study of upper gastrointestinal tract for Helicobacter pylori and giardiasis in Egyptian children, Published in Medical Journal of Cairo University, June 2012.
- Immunohistochemical study of CD1a-positive dendritic cells and matrix metalloproteinase-9 expression as novel prognostic markers of invasive breast carcinoma, Published in Egyptian Journal Of Pathology, July 2012.
- The efficacy of Laser-assisted hair removal in the treatment of acne keloidalis nuchae, pilot study, Published by European Journal Of Dermatology, December 2012.

- Malignant pleural effusion in Egypt , statistical study, Published by Al-Azhar Assiut Medical Journal, April 2011.
- Immunohistochemical study of CD10 in breast carcinoma, Published by Egyptian Journal of Pathology, December 2013.
- Stem Cell Expression In Premature Ovarian Failure, Published by World Journal Of Medical Science , January 2014.
- Immunohistochemical Study Of Dog 1 Protein Expression in Gastrointestinal Stromal Tumor, Published By Academic Journal Of Cancer Research, February 2012.
- Role Of Helicobacter Bacteria In Colitis And Colorectal Neoplasms; A Histopathological And Immunohistochemical Study, Published By Egyptian Journal Of Pathology, July 2013.
- Cin In Upper Egypt (Leep Treatment) Published By The Journal Of American Science, September 2013.
- Immunohistochemical Expression Of ER, PR And ALDH1 in Endometrial Hyperplasia And Carcinoma, Published by The Journal Of American Science, December 2013.
- Immunohistochemical Expression Of Cyclin D1 In Egyptian Patients With Prostatic Carcinoma, Published By World Journal Of Medical Sciences, August 2013.
- Salivary Gland Neoplasms, A Histopathological And Statistical Study, Published by The Medical Journal Of Cairo University, December 2013.
- Immunohistochemical Study Of ALDH1 And Berca 1 In Cancer Breast, Published By Academic Journal Of Cancer Research, Januray 2014.

- Stem Cell Expression In Bladder Carcinoma, Published by World Journal Of Medical Science , April 2014.
- Edessy Stem Cell Score, Enometrium- Endometrioma, Published By World Journal Of Medical Science, April 2014.

- **CONFERANCES:**

- I attended the annual conference of an Arabic academy of the pathologist on November 2003
- I completed the teaching and training course on updated soft tissue pathology from 16-3-2004 to 18-3-2004 in Ain-Shams faculty of Medicine.
- I participated and attended the intensive educational course about the pathology of gastrointestinal tract as one of the regular conference of the international academy of pathology in Kasr El Aini Faculty of Medicine on November 2004.
- I participated and attended the scientific meeting of the Egyptian society of pathology on December 2004.
- I attended a several conferences of the Egyptian academy of pathology from 2004- 2013 in el Azhar University in breast pathology with Prof Dr Sami Shousha (professor of breast pathology in London).
- I attended and participate in National Cancer Institute conference which was on December 2005.
- I attended the conference of laboratory works in Mriott on March 2006.

- Also I attended the last conference of Arabic academy of the pathologist which was on April 2006 about soft tissue tumors.
- I am going to participate as a clinical attachment this summer with Prof Dr Sami Shousha in London for weeks in training course of breast pathology.
- I participated with abstract in xxvi ZAP international congress and it accepted in September 2005 to be published in the conference.
- I attended the conference of pathologist Egyptian group in Egypt on last 25 November 2007.
- I attended the conference of Gyne&obst in Palastine hotel , Alexandria in May 2012.
- I attended the conference of nutriotion and obesity in Grand Hayat hotel in October 2012.

EXPERINECE IN COMPUTER:

- T attended a computer course in Cairo University and I have an experience in word, Excel and power point.

LANGUAGES:

- Arabic (mother tongue).
- English (very good),
- French (fair).

CERTIFICATION:

- **I warrant that all the above mentioned data are right and can be proved by certification on request.**
