09:00-13:00 LAPAROSCOPY COURSE

This is a four hour intensive course providing the basic knowledge on minimal invasive surgery in childhood. It is dominated by 2 Blocks with 2 sections. The first block includes brief lectures on Equipment and Instruments, Ergonomics, Energy sources and clips, Pre-operative preparation, Access techniques, Manipulation and dissection followed by hands on experience on professional trainers. The second block introduces you to the different suturing techniques leaving most of the time for practice under the guidance of the faculty members.

This course cannot be combined with the full day Oncology Course

09:00-13:00 MANAGEMENT OF POLYTRAUMA COURSE (PART II)

This course is given in a two year cycle and covers the “Polytraumatised Child” in one year and the “Neonatal and Paediatric Emergency Room Management” in the second year. Lectures from experienced Paediatric Surgeons will ensure high standard postgraduate education.

This course can only be combined with the afternoon (PM) session of Laparoscopy.

PRESIDENT'S RECEPTION

In the heart of Dublin is the legendary St. James's Gate Brewery, home of Guinness since 1759. Designed in the shape of a giant pint glass and standing seven stories high, the Guinness Storehouse promises an evening that is not to be missed.

The evening will begin with a short tour of the Storehouse. You will then move to the fourth and fifth floors to enjoy a drink with some wonderful Irish fare. Here you can catch up with friends and colleagues and enjoy live music. Throughout the evening you will also have the opportunity to sample the famous Gravity Bar on the top floor, where you can savour some Guinness and the spectacular 360 degree views of Dublin City.
