 - M.D of Orthopaedic Surgery & Traumatology in November 2003, Kasr El-Aini School of Medicine, Cairo University .Thesis discussion was held in 2003.
 - M.Sc of Orthopaedic Surgery & Traumatology in May 1998, Kasr El-Aini School of Medicine, Cairo University (Grade : Excellent)

Previous Training and Posts:

- Lecturer of Orthopaedic surgery : Kasr El-Aini school of Medicine, Cairo University from March 2004 till July 2010
- Assistant lecturer of Orthopaedic surgery : Kasr El-Aini school of Medicine, Cairo University from April 1999 to March 2004
- Tutor of Orthopaedic Surgery , Kasr El-Aini school of Medicine, Cairo University from Nov. 1998 to April 1999

- Resident of Orthopaedic Surgery, Kasr El-Aini school of medicine, Cairo University from September 1995 to September 1998
- House Officer (Internship), Kasr El-Aini Hospitals from March 1994 to February 1995

Clinical and Surgical Experience

- Professional and academic experience in the management of Trauma and emergency patients through active participation in the team of trauma for the last ten years. Being well versed in ATLS protocols and the primary management of Trauma patients as well as the basic resuscitation and emergency orthopaedic procedures. These include closed reductions, casting methods, percutaneous fixation and internal and external fixation of most fractures. I was trained in a major university hospital, which is a regional tertiary referral center.
- Exposed to a wide variety of elective orthopaedic cases that covered the congenital deformities, bone tumours and infections, arthropathies, arthroplasties and spine Surgeries.
- I have gained a deep experience in other branches of surgery by working in the general surgery, the pediatric surgery and the plastic surgery departments.
- Being in charge of the health and welfare of the patients lying in my appointed wards, I became fully aware of the patients care, rehabilitation, common and uncommon medical emergencies.

Teaching Experience

- Working in a university hospital for more than fifteen years enabled me to acquire the updated teaching skills for both of the undergraduate and postgraduate medical students, nurses, medical engineers and ambulance crews.
- As a tutor and an assistant lecturer, I was responsible for the teaching sessions held for a period of six months.
- Postgraduate in faculty of medicine Cairo University preparatory courses for M.Sc and M.D candidates
- Organization of scientific meeting held by department of orthopaedics.
- Invited speaker and/or instructor in meetings of Egyptian pediatric orthopaedics society, Egyptian orthopaedic fellowship and meetings of ASAMI Egypt.
- Instructor in Kasr El-Aini Hospitals international clubfoot course.
- Speaker in Kasr El-Aini Hospitals review (trauma 4-6 Jan 2010 , disease 10-13 Jan 2010)
- I was chosen as a member of the AO-ASIF Regional Education Committee to participate in their teaching sessions as an instructor for the AO-ASIF Basic Course organized by the Egyptian Orthopaedic Association (EOA) under the supervision of the International Association of Orthopaedic located in Switzerland. These sessions were held in October 1998, April 1999, May 2001 and August 2002, June 2011 and local A.O. course 2009 in Cairo- Egypt.

Examinationship

- Member of examiner board of M.Sc orthopaedic examinations
- Member of Evaluation committee checking validity of M.Sc thesis

Research and Publications:

- M.D.Thesis in Orthopaedic surgery and Traumatology, Cairo University, school of medicine, titled “Recent Assessment and management of Obstetric Brachial Plexus.
- M.Sc Thesis in Orthopaedic surgery and Traumatology, Cairo University, school of medicine, titled “ Lumbar Spine Biomechanics “
- Long Term follow up of the proximal humeral osteotomy in obstetric Brachial plexus injuries, EPOS Montpellier, 2001
- Correction of relapsed and neglected clubfoot using a simple Ilizarov frame, international orthopaedics(2004)
- Pelvic support osteotomy for treatment of neglected hip problems in children and adolescent, 3rd international ASAMI meeting, Turkey, 27-29 May, 2004.
- Complex tibial plateau fractures treated with Ilizarov external fixator with or without minimal internal fixation. International orthopaedics, volume 29, (3) 2005. 182 Presented orally on 3rd international ASAMI meeting, Turkey, 27-29 May, 2004.
- Results of treatment of idiopathic clubfoot in older infants using the Ponseti method; a preliminary report march 2009 JPOBr
- Mini direct anterior approach for open reduction and capsulorrhaphy of developmental dysplasia of hip (DDH) (preliminary report), Kasr El-Aini medical journal, Cairo University, 2009.
- Closed treatment of metaphyseal extraarticular fractures of the tibia by Ilizarov External Fixator, Kasr El-Aini medical journal, Cairo University, 2009.
- AO Trauma Faculty Education Program, Cairo Egypt (1,-2.Dec.2011)

- Faculty of international pediatric foot symposium, Cairo Egypt (13-14, Oct 2011)
- Faculty of AO Trauma course-basic principles of fracture management, Cairo Egypt. (24-25 ,June,2013)
- Palsy and developmental medicine, Milwaukee U.S.A
- International pediatric orthopedic symposium (AAOS & POSNA), Florida U.S.A (Nov, 2012)
- Faculty of Kasr el Ainy limb deformity planning course (1-2 jan.2014)
- Faculty of Kasr el Ainy limb deformity planning course (18-19 jan.2014)
- Faculty of the annual conference of the orthopedic department, police authority hospital ,El Agouza.(20, Feb,2014)
- Faculty of AO Trauma course-basic principles of fracture management, Cairo, Egypt (10-13, June,2014)
- Attended the SICOT.CBOT, Rio De Janeiro, Brazil. (19-22.Nov, 2014)
