

**Invitation to collaborate on Public Health Research
Under the MOU between IU and CU**

Dear Profs.

David Lohrmann,
Samuel Obeng,
Ahmed Youssef Agha

Under the collaborative agreement signed between Indiana University (IU) and Cairo University (CU); and based on the positive outcomes of the last visit held by Dr. Maha El-Rabbat Professor and Chair person of Public Health Department, Faculty of Medicine (CU representative) to IU dated March-2012 to foresee potentials for collaboration and cooperation between the distinguishable Universities develop, Cairo University would like to invite you to a 5 days business visit through mid June to mid July 2012 to follow on the following points:

- Complete proposal for establishing the joint Public Health Research Center – IU &CU.
- Further discussion dual MPH/MA degree between IU and CU.
- Explore research opportunities related to critical health problems in Egypt; school health programs and services, maternal health and substance abuse among college students.
- Determine possible funding sources to support joint public health research.
- Explore the possibilities of implementing and evaluating a coordinated school health /health promoting School model in Egyptian elementary schools.

Sincerely yours

Prof Dr Gamal Esmat

Vice President of Cairo University
For Graduate Studies and Research
