Thank you so much for our positive meeting in Cairo University at the office of the vice president for graduate studies and research, through which we exchanged some ideas about the cooperation between the Institute of African Research and Studies-Cairo University, and the African Studies Program, Indiana University.

For putting our ideas into force, I hope you could help us to found/develop an information research unit for public health and sustainability in Africa inside our institute in Cairo University, Let us exchange proposals about a memorandum of understanding between our institutions indicating what each side could do for achieving this fruitful proposal.

Thank you once again, hoping to hearing from you as soon as possible.

Prof. Mahmoud Abul-Enien
Vice Dean of the Institute of African Research and Studies
