Dear All,

GOOD NEWS

On these happy Thanksgiving Days, I am thankful to ALLAH, "GOD", that one of my dreams (when I came to IU, on 2008) became a fact and a real outcome - - Yesterday, I received the MOU of IU-CU. I have it in my office.

I am thankful to ALLAH when HE let me meet you all; work with you; GOD made my hopes, dreams, and objectives fit with your ideas too. I am thankful to GOD when I found Dean Torabi very supportive; he financed my ideas to open channels of collaboration with the Middle East and North Africa, on 2009. Also, I remember when Dr. Obeng initiated the same vision to us in HPER; he asked me to work with the ASP, and he financed our second trip to Egypt; Now, I remember Dr. Lohrmann when he was very positive; he and Dr. Torabi went twice with me to EGYPT, Saudi Arabia embassy in W.DC, and the Libyan embassy

in W.DC. I am thankful to ALLAH when the IU President wanted us to open the collaboration with my country EGYPT (i.e. Cairo University) too.

There in Egypt, I remember when all of the Vice President Dr. Hussein Khalid; the Dean of the School of Medicine, Dr. Lamis Ragab; the Dean of the Institute of African Studies/Research Dr. Mahmmoud Abol-Ennein; and all the team of faculties there in Egypt, were welcome the collaboration with IU. Special thanks to Dean Lamis Ragab for her hard work and follow up to have this MOU be signed on a short time in Egypt.

Now, we have a golden achievement: "The MOU between IU-CU".

Congratulation

I am so appreciated to all of you.

Respectfully,  
Ahmed YoussefAgha
