

Cairo University
Institute of African Research & Studies

Oct. 2nd, 2012

Dear Prof. Youssefagha,
School of Public Health—Bloomington
Indiana University

It is great to have cooperation between Cairo University and Indiana University in the form of MU. I reviewed the proposal (Draft Ver.5) for establishment of Public Health Research Center in Cairo University. It was written very well. It also reflects the objectives of the MU between CU and IU. Thanks for Prof. Ahmed YoussefAgha, Prof. Maha El Rabbat and Dr. Abbas Sharaky for their efforts in writing this proposal. We are looking forward to hearing from you soon and start a profitable relationship.

Sincerely,

El-Sayed I. Gaber

Prof. El-Sayed I. Gaber
Dean, Institute of African Research and Studies
