- **Mostafa AA**, Nolte I, Wefstaedt P. Prevalence and Quantitative Radiographic Assessment of Medial Coronoid Disease in Large Breed Dogs. Proceedings of the 34th Annual World Veterinary Association Congress, May 5 to 8, 2018, in Barcelona, Spain.
- **Mostafa AA**, Nolte I, Wefstaedt P. Radiographic Quantification of Elbow Incongruence in Labrador and Golden Retrievers with Medial Coronoid Disease. The 34th Annual World Veterinary Association Congress, May 5 to 8, 2018, in Barcelona, Spain.

Teaching Experience

- Professional development teaching activities at the Department of Veterinary Surgery, Cairo University, Egypt between 1997 and 2018.
- Professional development teaching activities at the Department of Veterinary Clinical Science, University of Illinois, USA between 2004 and 2008.
- Professional development teaching activities at El-Abasya Veterinary Hospital in Cairo, and the Department of Veterinary Surgery, Cairo University, Egypt in 2009-2012.
- Professional development teaching activities at the College of Veterinary Medicine, Western University of Health Sciences, USA, September 2016.

Research and Clinical Experience

Research and clinical experience include over 17 years of Veterinary Practice (1997-2014) at Cairo University, University of Illinois (USA), University of Hanover (Germany), University of Florida (USA) and Western University of Health Science where I gained knowledge in Surgical Anatomy, Surgery, Diagnostic Imaging and research. The 4-years PhD program started in February 2004 and ended in May 2008, advanced skills and knowledge in Surgery, Radiology and further developed the human skills required to become a competent Veterinary Surgeon.

My PhD program at University of Illinois had been a very interesting and valuable research and clinical experience. My primary research interest had been in the area of Small Animal Orthopedic Surgery and Educational Technology. I have been working on Radiographic, 3D-Computed Tomographic, and DEXA scan data analyses to evaluate the musculoskeletal conformation of the pelvic limbs and its association to stifle joint diseases (particularly, cranial cruciate ligament disease, patellar luxation and patella alta) in large breed dogs, and assisting in some surgical orthopaedic surgical procedures. Additionally, I'd been working on Educational Technology in Small Animal Orthopedics, creating teaching portfolios for both professional students and veterinarians.

My postdoctoral fellowship at the University of Hanover in Germany added further experience in Small Animal Surgery and research work from different perspective. My long-term work at the 5 Universities has provided the opportunity to strengthen my teaching experience, my knowledge, and technical skills in these areas, developing solid foundation on which to build future training.

Honors and Awards

- Phi Zeta Mu Chapter Clinical Science Presentation and Research Award 2008, 3rd place, University of Illinois, USA.
- International publication awards from 2009 to 2018, Cairo University, Egypt.

Publications, Textbooks, and Other Research Work

Master Thesis

Mostafa AA. Studies on some surgical affections causing lameness in dogs. *M.V.Sc. Thesis*, Faculty of Veterinary Medicine, Cairo University, 1999.

Master Thesis Publications

Textbooks

- **Mostafa AA.** Canine Orthopedic Surgery. Common orthopedic problems affecting canine limbs with emphasis on some joint and bone diseases. Textbook for under- and post-graduate students, 1st ed., *Faculty of Veterinary Medicine, Cairo University*, 2013.

Funded Projects

- **Proximodistal alignment of the canine patella: radiographic evaluation and association with medial and lateral patellar luxation.** Funded in January 2004 by the Egyptian government (Ministry of Higher Education). The research work of this project had been carried out at the University of Illinois at Urbana-Champaign (UIUC), College of Veterinary Medicine, Department of Small Animal Surgery.
- **Anatomic and computed tomographic characteristics of the rear limbs in Labrador Retrievers with and without cranial cruciate deficiency.** Funded in January 2004 by the Egyptian government (Ministry of Higher Education), and in part by the American Veterinary Medical Foundation in May 2005. The research work of this project had been carried out at the University of Illinois at Urbana-Champaign (UIUC), College of Veterinary Medicine, Department of Small Animal Surgery.
- **Radiographic evaluation of early periprosthetic acetabular bone contrast and prosthetic head acetabular coverage after uncemented and cemented total hip prosthesis in dogs.** Funded by the DAAD in 2014. The research has been carried out in the University of Veterinary Medicine, Hanover, Germany during a fellowship awarded in 2016.
- **Conditioning human stem cells with chitosan and hypoxia.** Funded by the Western University of Health Sciences, California, USA in 2015. The research has been carried out in the same University during a fellowship awarded in 2016.

Conferences, Workshops, and Training Courses

Attended Conferences

- **The American college of Veterinary Surgeons (ACVS) meeting:** Chicago, USA, *October 18-21, 2007*. Proximodistal alignment of the patella in 106 dogs: Evaluation and contribution to patellar luxation.
- **The 16th International Veterinary Radiology Association (IVRA) meeting:** Bursa, Turkey, *August 26-31, 2012*. Radiographic evaluation of femoral torsion and correlation with computed tomographic techniques in Labrador Retrievers with and without cranial cruciate ligament disease.
- **The 5th Scientific Conference of Animal Wealth Research in the Middle East and North Africa:** Faculty of Agriculture, Cairo University, Egypt, *October 1-3, 2012*. Lateral fabellotibial tension band (LFTB) procedure: A new tibial suture anchor point for extra-articular stabilization of transected cranial cruciate ligament in dogs.
- **19th Annual Loma Linda University Basic Sciences Research Symposium and 5th Annual Inland Empire Stem Cells Consortium at Loma Linda University:** California, USA, *November 8, 2016*.
- **The 34th Annual World Veterinary Association Congress:** Barcelona, Spain, *May 5 to 8, 2018*. Prevalence and Quantitative Radiographic Assessment of Medial Coronoid Disease in Large Breed Dogs.
- **The 34th Annual World Veterinary Association Congress:** Barcelona, Spain, *May 5 to 8, 2018*. Radiographic Quantification of Elbow Incongruence in Labrador and Golden Retrievers with Medial Coronoid Disease.

Workshops

- Workshops at the Quality Assurance & Accreditation Center of Cairo University in December, 2011 and January 2012.
- Informational Technologies and Educational Services Workshops. Campus Informational Technologies and Educational Services Programs: University of Illinois, USA, October 5, 13, 27, November 10, 2005, October 11, 2006, and September 28, 2007.

Training Courses

- Passing the international exam of ICDL (international computer driving license) in 2012.
- Training Course in “Use of Educational Technology in Teaching”. Faculty and Leadership Development Center, Cairo University, November 10-12, 2008.
- Training Course in “Recent trends in teaching”. Faculty and Leadership Development Center, Cairo University, March 1-3, 2010.
- Training Course in “Effective Communication Skills”. Faculty and Leadership Development Center, Cairo University, March 8-10, 2010.
- Training Course in “Financial and legal aspects”. Faculty and Leadership Development Center, Cairo University, March 15-17, 2010.
- Training Course in “Effective management of Scientific Conferences”. Faculty and Leadership Development Center, Cairo University, March 22-24, 2010.
- Training Course in “Scientific International Publication Skills”. Faculty and Leadership Development Center, Cairo University, May 17-19, 2010.
- Training Course in “Effective presentation Skills”. Faculty and Leadership Development Center, Cairo University, March 19-21, 2012.
- Training Course in “Competitive Research Projects”. Faculty and Leadership Development Center, Cairo University, May 29-31, 2012.
- Training Course in “Competing for Research Funds”. Faculty and Leadership Development Center, Cairo University, May 29-31, 2012.
- Training Course in “The Credit Hour Systems”. Faculty and Leadership Development Center, Cairo University, December 4-6, 2012.
- Training Course in “Strategic Planning”. Faculty and Leadership Development Center, Cairo University, February 26-28, 2013.
- Training Course in “Meetings and Managing Time”. Faculty and Leadership Development Center, Cairo University, September 7-8, 2013.
- Training Course in “University Codes of Ethics”. Faculty and Leadership Development Center, Cairo University, December 3-4, 2014.
- Training Course in “Managing Research Team”. Faculty and Leadership Development Center, Cairo University, November 30 to December 1, 2015.
- Training Course in “Quality Standards in Teaching”. Faculty and Leadership Development Center, Cairo University, May 4-5, 2016.
- Training Course in “Ethical Considerations for Animal Use in Research”. Faculty and Leadership Development Center, Cairo University, January 30-31, 2017.
- Training Course in “Statistical Analysis of Bio-Experiments”. Faculty and Leadership Development Center, Cairo University, October 18-19, 2017.

Reviewer or evaluator in scientific journals and organizations

- A reviewer in the Journal of the Veterinary Surgery (Vet Surg, USA).
- A reviewer in the Journal of Advanced Research (JAR, Egypt).
- A reviewer in the Journal of American Veterinary Medical Association (JAVMA, USA).
- A reviewer in the BMC Veterinary Research (BMC Vet Res, UK).
- A reviewer in the PLOS ONE (USA).
- A reviewer in the Acta Veterinaria Scandinavica (UK).
- An academic and scientific evaluator of the applications submitted to the GERSS and GERLS (DAAD) scholarship programs and an interviewer of the potential candidates.
