DUE DATE: MAY 2, 2019 AT 1:00 PM

SUBMIT AT: HTTPS://FORMS.GLE/VB8YRVXMKR8E9KFZA

Description

You are required to prepare a 10-minutes presentation on the following RAS functions. For each, identify the purpose of the function, the messages associated with each, and the use of each of those messages. Also, if there are special parameters that are included in any of those messages, identify and explain them.

1) Endpoint Location
2) Bandwidth Change
3) Status
4) Disengage
5) Resource Availability

Instructions

- This is an individual report
- No late submissions are accepted
- Soft-copies only are required
- Presentation date is to be scheduled later
