7. Audit:

- Clinical experience:
 - Obstetrics:
I developed my experience in covering the delivery suite, evaluated priorities and allocated efficiently different members of the team at the standards needed to cover a very busy Obstetric unit. I gained experience in following up high-risk pregnancies being involved as a part of the complicated care team in medical antenatal clinics of tertiary referral hospitals.
 - Gynecology:
I gained experience in caring for emergency Gynecology admissions, elective procedures and postoperative care. I was trained in patient

counseling for medical and surgical management of different gynecological disorders and contraception. I gained experience in different gynecological surgical procedures in addition to diagnostic and operative Minimal Access procedures. I have a special interest in pelvic surgery, urogynecology as well as gyne-endoscopy.

- **Ultrasound:**

I have advanced experience in Obstetric ultrasound including fetal biometry and early pregnancy assessment. I gained advanced experience in the use of ultrasound for gynecological assessments and follow up of ovulation.

8. IT skills and languages:

- Excellent command of IT skills including Word processing, Excel, Power point presentation, and literature search using the Cochrane Library and different MED-line search websites.
- Arabic: native language.
- English: excellent command.
- French: fair command.

9. Teaching:

- I was involved in undergraduate student tutorials, ward round teaching and training in clinics and operating sessions. I studied and successfully passed a high grade course of teaching and communication skills at Cairo University.

10. Hobbies:

- Football, handball, Squash and reading.
