## **ACTIVITIES**

### **Scientific conferences (certificates are available)**

BGICC annual conferences (annually) (breast-gynecological international cancer conference)

ESLM annual conference (Egyptian society of laboratory medicine)

Egyptian society of pathology annual conferences, periodic meetings

The royal college of pathologists: workshops on pathology of malignant lymphoma

Workshops

Item question bank at LRC (learning resources center): March 2016

How to write clinical scenario at AFCM (armed forces collage of medicine): Aug 2015

Integrated credit points program of MBBch at LRC (learning resources center): Aug 2015

Curriculum development at AFCM (armed forces collage of medicine): July 2015

Student evaluation at MEDC (medical education development center)

Searching engine practice in digital library at Cairo University

Teaching skills at FLDC (faculty and leadership development center)

Jan 2009 quality management in teaching process

Jul 2009 funding of scientific projects

Dec 2009 communication skills

June 2010 International publications

Oct 2011 use of technology in teaching

Jul 2012 Exams and student evaluation systems

Oct 2012 legal& financial aspects in university environment

Dec 2012 the credit hour systems

Jan 2013Time and conferences management

Jan 2013 managing research teams

Feb 2013 university code of ethics

Feb 2013 research ethics

Jun 2015 conference organization

Oct 2015 international publishing of scientific research

Apr 2016 change management

Jul 2016 Effective Presentation skills

Oct 2016 Quality management in hospitals and clinics

### ***Extracurricular activities***

Facilitator of Integrated credit points program of MBBch Jan 2017: till now

Editor of systemic pathology book of 3rd year students at kasr alaini, faculty of medicine (in progress)

Quality assurance committee member at armed forces collage of medicine

Contributor of general pathology book of 3rd year students at kasr alaini, faculty of medicine (in progress)

Contributor of practical pathology book of 3rd year students at AFCM armed forces collage of medicine (delayed)

### **Researches**

Endometrial Carcinoma a Comparative Multicentre Epidemiologic and Pathologic Study

Expression of bcl-2 and ki-67 in colorectal carcinoma immunohistochemical and histopathological study

### **International publications**

Abdelbadieaa M, Shaker OG, Hosni HN, Khalifa SE, Shazly AF. Human papillomavirus (HPV) in Egyptian females: study by cytology, histopathology, colposcopy and molecular diagnosis of high risk types. Malays J Pathol. 2016; 38(3):257-266. Available at <http://www.mjpath.org.my/2016/v38n3/human-papillomavirus.pdf>

Khairy RA, Salah M, Khalifa SE. Expression of stem cell marker Bmi 1 in invasive breast cancer and correlation with ER, PR, HER2 neu, and KI67 Kasr Al Ainy Med J 2016;22:109-14 DOI:10.4103/1687-4625.195890
