

## **Magdy M. Saber CV**

### **I- PERSONAL INFORMATION:**

- Name: **Magdy Mohamed Saber Moawad Elnaa**
- Sex: Male
- Marital Status: Married and has 2 daughter and 3 sons
- Date of birth: 9-4-1957
- Work Address: National Cancer Institute - Kasr Elanini st. Fom El-khalig- Cairo- Egypt
- Telephone No: Clinic : +202-35717639; +201113234246  
Cell phone +201115568800; 01061871187
- e-mail: **drsabermm@hotmail.com; drsabermm@gmail.com**

### **II- EDUCATIONAL BACKGROUND:**

- Doctoral Degree of Medical Oncology Nov.-1992, NCI, Cairo University
- Master Degree of General Medicine, Nov. 1986, Cairo University
- MB.B.Ch. Nov. 1981, Faculty of medicine Cairo University

### **III-CURRENT EMPLOYMENT STATUS**

- Professor of Medical Oncology, NCI, Cairo University

### **IV- PROFESSIONAL EXPERIENCE**

#### In Saudi Arabia:

- Consultant Medical Oncology and Head of Oncology Dept. - Bugshan Hospital, Jeddah, From Sept. 2005 – August, 2007
- Consultant Medical Oncology and Head of Oncology Dept.– Dr. Bakhsh Hospital , Jeddah, since April, 2000 – August, 2005
- Consultant Medical Oncology – Alsalama Hospital (now KFSH and Research Centre), Jeddah, Dec.1996 - February, 2000

#### In Cairo:

- Associate professor of Medical Oncology, NCI, Cairo University 1998- .
- Lecturer of Medical Oncology, NCI, Cairo University 1992- .
- Ass. Lecturer of Medical Oncology, NCI, Cairo University, 1987 - 1992.
- Resident in Medicine and Oncology, NCI, Cairo University, 1983-1986
- Primary health care physician, Rural unit, Giza Governorate, Ministry of Health, Egypt, 1/3/1983-24/12/1983.
- Kasre Al-Aini Cairo University Hospital training, 1982-1983.

#### Teaching experience:

- Sharing in management of cancer patients at NCI–Cairo University and executing postgraduate training and teaching programs of master and doctoral degrees in medical oncology, giving many lectures that cover basic oncology, hematology and solid tumors.
- Head of the medical oncology critical care unit.
- Clinical round and case presentation and discussion weekly at outpatient clinic for post-graduate medical oncology fellows, resident and medical students,
- Actively participating in the scientific activities of the weekly grand round of the NCI as well as of the medical oncology department Monday meetings.

### **VI- ORGANIZATIONAL/MANAGERIAL EXPERIENCE:**

- Examination Board Member of Master and Doctoral Degree in Medical Oncology at National Cancer Institute Cairo University since 2008
- Shared in implementing the training programs at the South Egypt Cancer Institute – Asyut University.

- Responsible for implementing the postgraduate training and teaching curriculum of master and doctoral degrees in medical oncology and critical care programs at the department
- Head of the medical oncology critical care unit.
- Editorial Board Member of the Journal of the Egyptian National Cancer Institute Cairo University.

#### **VII- PROFESSIONAL MEMBERSHIPS:**

- Member of Egyptian Medical Syndicate, 1982-.
- Member of Egyptian Cancer Society, 1989-
- Member of the Mediterranean Society of Tumor Marker Oncology, 1993-.
- Member of Egyptian Society of Hematology, 1995-.
- Certified member of European Society for Medical Oncology (ESMO), 1995-.
- Member of the American Society of Clinical Oncology (ASCO), 1996-2001.
- Member of the European Hematology Association (EHA) 1997-.2001
- Member of the European Association for Cancer Research (EACR) 1997-.2001
- Member of South and East Mediterranean College of Oncology (SEMCO) 2007 –
- Member of Arab Medical Association Against Cancer, 2008 –
- Member of the Egyptian Society of pain management 2010-
- Member of the Egyptian Society of Head & Neck Oncology 2010-

#### **VIII- RESEARCH EXPERIENCE AND THESIS SUPERVISION:**

##### List of publications:

- Hodgkin's disease: A clinico-epidemiological study of 587 cases. J. Egypt. Nat, Cancer Inst. Vol.5, No.2: 393-399, 1991
- Immunologic changes in HD patients under the effect of chemotherapy. J. Egypt. Nat, Cancer Inst. Vol.5, No.4: 799-806, 1992.
- Study of the viscosity of blood components in lymphoma. Egypt. J. of Hema. Vol. (19) No. (384) May, 1994
- Neoadjuvant chemotherapy in operable breast cancer. J. Egypt. Nat. Cancer Inst. Vol. 6 No 2 (Dec.): 233-237, 1993.
- Adjuvant chemotherapy of primary breast cancer: Single agent versus combination chemotherapy: Egyptian Experience. J. Egypt. Nat. Cancer Inst. Vol. 6 No. 2 (Dec.): 225-232, 1993.
- The combination of various tumor markers in carcinoma of the breast: evaluation and clinical significance. J. Egypt. Nat. Cancer Inst. Vol. 6 No. 2 425-435, 1993.
- Combined modality treatment for advanced esophageal Carcinoma. International Cancer Congress Oct. 30- Nov. 5, 1994, New Delhi, India (UICC) poster, PSG 12-16, page 174.
- Evaluation of recombinant alpha 2B interferon and 5-fluorouracil in advanced and metastatic colorectal carcinoma. J. Egypt. Nat. Cancer Inst. Vol 6, No. 4 (Dec), 741 - 750, 1994.
- A randomized phase III study of Recombinant Human Granulocyte-Macrophage Colony Stimulating Factor adjuvant to induction treatment of aggressive non-Hodgkin's lymphomas. J. Egypt Nat. Cancer Inst. Vol 6, No. 4 (Dec) 751 -760 1994.
- Combination chemotherapy Ifosfamide and 5-fluorouracil in pancreatic cancer. J. Egypt. Nat. Cancer Inst. Vol. 6, No. 4 (Dec) 761-763, 1994.
- Prognostic and therapeutic value of immunological classification of lymphoma. J. Egypt. Nat. Cancer Inst. Vol. 6, No. 4 , 735-740
- Clinico-pathological study of Adult Hodgkin's disease 15-year experience, NCI, Cairo, Egypt. International Congress on cancer, Nov.6-11, 1994 Cairo International Conference Center, Nasr City, Egypt. (abstract).

- Low dose interferon Alpha 2 in metastatic hypernephroma. International congress on cancer, Cairo International Conference Center, Nasr City Nov. 7-10, 1994.
- Response to beta lactamase and aminoglycoside with or without antifungal agent in the treatment of febrile neutropenic cancer patients. International congress on cancer, Cairo International Conference Center, Nasr City Nov. 7-10, 1994.(abstract)
- Treatment of oropharyngeal candidiasis in immunocompromized patients with fluconazole. International congress on cancer, Cairo International Conference Center, Nasr City Nov. 7-10, 1994.
- Combination chemotherapy with Mitomycin, Vinblastine and Cisplatin for advanced non-small cell lung cancer (NSCLC). International congress on cancer, Cairo International Conference Center, Nasr City Nov. 7-10, 1994.(abstract)
- The potential value of serum osteocalcine in patients with metastatic breast cancer. J. Egypt. Nat. Cancer Inst. Vol 7, No. 2 (Dec), 199 - 205, 1995.
- Serum IL-2R as an indicator of residual disease in patients with malignant lymphomas. (poster),ESMO conference in Vienna,1-5 Nov. 1996).
- Phase II study of Paclitaxel plus Doxorubicin in patients with metastatic breast cancer: NCI, Cairo Experience. International Conference on Breast and Colorectal Cancer, 1997, Cairo, Egypt. (abstract).
- Prognostic value of tumor of tumor suppressor gene p 53 and multiple drug transport protein p 170 in hepatocellular carcinoma. (poster, ECCO-10 conference in Vienna, 12-18 Sept. 1999).
- A randomized EPOCH vs. CHOP front-line therapy for aggressive non-Hodgkin's lymphoma patients: Long-term results. Annals of Oncology 10: 1489-1492, 1999.
- Tumor Dormancy: Evidence of its existence, mechanisms and therapeutic implications: Poster, in the first international conference on translational research and pre-clinical strategies in Radio-Oncology (ICTR 2000), 4-8 March, 2000, in San Giovanni Hospital, Bellinzona, Switzerland.
- P-glycoprotein (p170) expression in resistant or relapsing Hodgkin's disease in relation to other prognostic factors: J. Egypt Nat. Cancer Inst. J. Egypt Nat. Cancer Inst. Vol.12, No. 1, March:41-50,2000
- Nasopharyngeal carcinoma (PNC): Pattern of failure. Med. J. Cairo Univ. Vol., 68, No. 3, (suppl.) September: 205-315, 2000.
- Anemia in cancer patients: The role of treatment with Erythropoetin alpha on patients receiving chemotherapy. Med. J. Cairo Univ. Vol., 68, No. 4, (suppl. 11) December: 1-8, 2000.
- Randomized study of high doses of vitamin C plus chemotherapy vs chemotherapy alone in patients with advanced and recurrent head and neck cancer. Med. J. Cairo Univ. Vol., No. 2, (suppl.) page 231, June:, 2002.
- Gemcitabine and cisplatin combination chemotherapy in patients with advanced pancreatic adenocarcinoma
- Magdy Saber & Wafaa Ashour. Presented in the 27th ESMO conference, in Nice, France 18-22 Oct. 2002. Published in Med. J. Cairo Univ. Vol., , No. 2, (suppl.) page 149-157, June:, 2002.
- Phase II multicenter study of irinotecan and 5-FU/LV as a front line therapy in advanced colorectal carcinoma: Presented in the 27th ESMO conference, in Nice, France 18-22 Oct. 2002. Published in SCI. Med. J. ESCME, Vol.15, No. 1, Jan.2003.
- Clinico-Epidemiological pattern and survival of colorectal carcinoma: An inter-institutional comparative analysis. Med. J. Cairo Univ., Dec, 2002.
- Studies on some biochemical parameters for the differentiation between malignant and non-malignant ascites. Med. J. Cairo Univ. Vol.1, No. 2, (suppl.) page 115-126, June, 2002.

- The role of clodronate in patients with breast cancer and bone metastases. NCI Cairo University, 2003
- Insulin-Like Growth Factor-1 and Prostate-Specific Antigen in Prostate Cancer Detection. Egyptian Journal of Biomedical Sciences, 34: 249-259.2010
- Colorectal Carcinoma in Egypt: Comparison between the Elderly and non-Elderly Patients using a Population-Based Cancer Registry. abstract accepted in the last GIT conference Barcelona 2011.
- Genetic polymorphism in Aurora-A as a risk factor in Egyptian women with breast cancer. Abstract published in Annals of Oncology Oct 2012.
- Colorectal carcinoma in Gharbiah district, Egypt: Comparison between the elderly and non-elderly. Journal of Solid Tumors. 2012; 2(3):12-18.
- Role of p53 in predicting resistance to adjuvant tamoxifen in hormone-receptor positive postmenopausal breast cancer patients. 5th Breast Gynecological International Cancer Society (BGICC); 2013 January 17; Cairo, Egypt.
- Primary Gastrointestinal Lymphoma in an Egyptian District: a Study Using a Population-Based Cancer Registry. Journal of the Egyptian National Cancer Institute 06/2013; 25(2):95-101.
- Small Intestinal Cancers among Adults in an Egyptian district: A Clinico-pathological Study Using a Population-Based Cancer Registry. Journal of the Egyptian National Cancer Institute 09/2013; 25(3):107-14.
- Role of Ki67 in predicting resistance to adjuvant tamoxifen in postmenopausal breast cancer patients. Journal of the Egyptian National Cancer Institute 12/2013; 25(4):181-91.
- Gastric carcinoma at Tanta Cancer Center: A comparative retrospective clinico-pathological study of the elderly versus the non-elderly: Journal of the Egyptian National Cancer Institute 09/2014; 26(3).
- Treatment outcomes of female germ cell tumors: The Egyptian National Cancer Institute experience: Journal of the Egyptian National Cancer Institute 06/2014; 26(2).
- Prognostic factors in multiple myeloma: National Cancer Institute Experience. Med. J. Cairo Univ., Vol. 82, No. 1, September: 505-515, 2014
- Significance of serum levels of vitamin D and some related minerals in breast cancer patients. Int J Clin Exp Pathol 2015;8(4):4074-4082
- The Increased Frequency of Carbapenem Resistant Non Fermenting Gram Negative Pathogens as Causes of Health Care Associated Infections in Adult Cancer Patients. Journal of Cancer Therapy, 2015, 6, 881-888. Published Online September 2015 in SciRes.
- Serum amino acids profiling is a novel biomarker for enhanced detection of breast and liver cancer. Reham.A. Abd El-Rahiem; Rafaat.M. Mohareb; Magdi .M. Saber ;and Motawa .E. El-Houseini. Asian Academic Research Journal of Multidisciplinary, 2016; ,3 (11): 2319-2801.
- Esophageal Carcinoma in El-Gharbia Governorate, Egypt: Clinico-Epidemiologic Study and Treatment Outcome. Ahmed Abdelmabood Zeeneldin, Magdy Saber, Ashraf Hamed Hassouna, Sara Ahmed Farag. International Journal of Clinical Oncology and Cancer Research 2017; 2(1): 15-21. <http://www.sciencepublishinggroup.com/ijcocr>. doi: 10.11648/j.ijcocr.20170201.14
- The role of circulating tumor cells in metastatic breast cancer: prognostic and predictive value. Abeer A. Bahnassy; Magdy M. Saber; Mohamed G. Mahmoud; Mona S. Abdel-lateif; Mohamed Abd Elmooti Samra; ·Rafaat M. Abd Elfatah;·Abdel-Rahman N. Zekri & Salem E. Salem. Molecular Biology Reports, Springer Nature B.V.2018 <https://doi.org/10.1007/s11033-018-4359-5>.
- Neuroendocrine tumors of the lung: A five-year retrospective experience of Egyptian NCI (2010–2014). Magdy Saber; Yahia Ismail; Nelly Alieldin; Iman Loay and Mohamed El Zawahry. Journal of the Egyptian National Cancer Institute 30 (2018) 151–158.

- The potential diagnostic and predictive role of adipokines in HCV associated hepatocellular carcinoma. Usama M El-Daly, Magdy M Saber, Abdel-Rahman N Zekri, Hanan R Nassar, Alfred E Namour, Mona S Abdellateif and Yahia M Ismail. In press.

**Scientific Medical Books issued:**

- Medical Oncology Handbook Series, Part I: Clinical profile of anticancer drugs. Cairo University Press, 2015.
- Medical Oncology Handbook Series, Part II: Supportive and Palliative Care in Cancer Patients. Cairo University Press, 2016.
- Medical Oncology Handbook Series, Part III: Diagnosis and Management of Hematological Malignancies. Cairo University Press, 2016.
- Medical Oncology Handbook Series, Part IV: Diagnosis and Management of Solid Tumors. Cairo University Press, 2016.
- Medical Oncology Handbook Series, Part V: Towards Better Interpretation of Clinical Trials, Cairo University Press, 2016.
- Medical Oncology Handbook Series, Part VI: Expanding Clinical Skills in Medical Oncology, Mansour Press, mac4designn@gmail.com. 2018
