

## Curriculum Vitae

**Name:** Manal Abdel-Wahed **BOSSEILA**

### Primary Education:

-German School in Cairo

-Faculty of Medicine, Cairo University (graduated December 1988).

### Academic Degrees

-MB B Ch in December 1988 from the Faculty of Medicine, Cairo University, Excellent with Honors.

-M Sc of Dermatology and Venereology in November 1992 from the Faculty of Medicine, Cairo University, Very good. Thesis: Chronic Urticaria.

-MD degree in Dermatology in May 1997 from the Faculty of Medicine, Cairo University. Thesis: Neopterins in Psoriasis.

### Current Position:

- ⊃ Professor of Dermatology, Faculty of Medicine, Cairo University (CU).
- ⊃ Director of International Affairs Administration of Health Sector-Cairo University.
- ⊃ Deputy Director of Central Administration of Support of Research Projects.
- ⊃ Coordinator of Cultural Relations Committee at Faculty of Medicine, CU.
- ⊃ Head of Technical Support Office for Projects & Grants (TSOPG) at Faculty of Medicine, CU.
- ⊃ Coordinator at Phototherapy Unit, Dermatology Department, Faculty of Medicine, CU.
- ⊃ Certified Trainer of Training Of Trainers (TOT) at Faculty & Leadership Development Center of CU.

## **Work Experience**

### ***A-Research and Educational Practice:***

- Professor of Dermatology since 2007. Its responsibilities are performing research in various dermatologic health-related fields. Examining patients with Dermatologic Diseases. Lecturing undergraduates and postgraduates in Faculty of Medicine, and undergraduates at faculties for Oral Medicine and Pharmacy. Supervisor and Examiner of many MSC and MD dissertations. Examiner of undergraduate and postgraduate Students in Dermatology.
- Member of a team critically appraising research questions in dermatology department, Cairo Univ. from 2005 till 2009.
- Member of a team making reform of postgraduate assessment (Diploma and Masters Degrees) of the dermatology program in years 2005 till 2007.
- Member of a team developing: Postgraduate Program and Course specifications for Dermatology during 2008.
- Member of the “Universities development funding project, Faculty of Medicine, Cairo University UDFPFMCU”, development of research plan and postgraduate program [2009].
- Invited speaker yearly at many regional and national conferences since 1997. Recently, speaker at international conferences.
- Collaborating with a German Medical Firm [BIOCAM, GmbH, Regensburg] in the field of research of Non-Melanoma Skin Cancer using Photodynamic Diagnosis (PDD) from 2009-2011.
- Teaching clinical sessions to medical undergraduates since September 1994.
- Lecturing medical undergraduates and teaching clinical cases for medical postgraduates since 1997.
- Lecturing postgraduate doctors since 2002.
- Introducing “Evidence Based Medicine” to postgraduate dermatologists since 2007.
- Lecturing Dermatology Curriculum for Oral Medicine and Pharmacy Faculties students (6<sup>th</sup> October and Cairo University).
- Supervisor of many MSC and MD theses since 1998.
- Instructor in training courses of “Phototherapy” and “Surgical and Cosmetic Dermatology” since 2008. Lectures, group discussion and hands-on clinical application are used as teaching methods.

- Director of International Affairs Administration of Health Sector-Cairo University. Its main role is giving information & advice to the University community about the different international programs available within the scope of higher education, provide staff members with information of international cooperation programs, draft and negotiate international cooperation agreements, and ensure presence of the Cairo University at international educational meetings and forums.

Its responsibilities is revising Memoranda of Understandings & Agreements between Faculty of Medicine and external institutions, as well as effectuating and activating them. Raising awareness among faculty staff members about the various memoranda & agreements.

- Instructor for Program: “Competitive Research Proposals” at Faculty Leadership Development Program [FLDP] of Cairo University since Feb 2012.

- Coordinator of Health Sector Faculties & Institutes at Cairo University’s office : Support Office for research Coordination & Mobility [SORCAM] established in August 2012.

- Certified trainer in TOT preparatory level since Dec 2012 and supplementary level since March 2013.

### ***B-Medical Practice***

-House Officer at the Cairo University Clinics from 1.3.1989 till 28.2.1990.

- Resident in Dermatology, Cairo University Hospitals for 3 years from 17.3.1990 till 16.3.1993.
- Clinical Demonstrator in the Department of Dermatology, Faculty of Medicine, Cairo University from 26.4.1993 till 12.1.1994.
- Assistant Lecturer in the Department of Dermatology, Faculty of Medicine, Cairo University starting from 13.1.1994 till October 1997.
- Lecturer of Dermatology at the Faculty of Medicine, Cairo University from October 1997 till September 2002.
- Assistant Professor of Dermatology at the Faculty of Medicine, Cairo University from October 2002 till September 2006.
- Professor of Dermatology at the Faculty of Medicine, Cairo University since October 2007.
- Visiting Consultant in Derma-Care Center, Saudi Arabia; during July and August 2008.
- Visiting Consultant in AlHady Hospital, Kuwait during August, September 2010.
- Member of a team starting the phototherapy unit at dermatology department, Cairo University; and writing the treatment protocols; at 1997.
- Coordinator of the phototherapy unit at the Dermatology Department since 2002. The phototherapy unit is a non-profit unit within the dermatology department, treating average 60 patients daily.

### **Other activities**

- ⊃ Member Elect at Committee for University Leadership Elections from April 2013 – June 2014.
- ⊃ Arbitrator of scientific publications for the committee for promotion of Dermatology Staff members in Egyptian Universities since 2008.

### **Membership of Medical Societies**

- Member of European Academy of Dermatology and Venereology.
- Member of International Society of Dermoscopy.
- Member of Afro-Asian Society of Laser and Cosmetic Dermatology.
- Member of Egyptian Society of Dermatology and Venerology.

## **List Of Publications**

### ***In International Journals:***

1. Does Fluorescence Diagnosis Have A Role In Follow Up Of Response To Therapy In Mycosis Fungoides? M Bosseila, D Mahgoub, A El-Sayed, D Salama, MA El-Moneim, F Al-Helf. Photodiagnosis and Photodynamic Therapy, **2014**, 11(4):595-602.
2. Clinical effects of “pioglitazone”, an insulin sensitizing drug, on psoriasis vulgaris and its co-morbidities, a double blinded randomized controlled trial. VG Hafez, M Bosseila, MRE Abdel Halim, OG Shaker, M Kamal Journal of Dermatological Treatment, **2014** Jul 1:1-7.
3. Broadband ultraviolet B vs. psoralen ultraviolet A in the treatment of vitiligo: a randomized controlled trial. Clinical Experimental Dermatology, **2013**.
4. An immunohistochemical study of laminin in basal cell carcinoma. Journal of Cutaneous Pathology. Jan **2010**.
5. Topical Calcineurin Inhibitors In Atopic Dermatitis: A Systematic Review And Meta-Analysis. J of Derm Science, **2009**; 54: 76-87.
6. Microscopic study of the normal skin in cases of mycosis fungoides.
7. Int J of Dermatol, **2006**; 46:1043-1046.
8. Quantitative morphometric analysis of hair follicles in alopecia areata. J of Derm Science, **2006**; 44: 59-61.
9. Narrow band UVB (311 nm), psoralen UVB (311 nm) and PUVA therapy in the treatment of early-stage mycosis fungoides: a right-left comparative study. Photodermatol Photoimmunol Photomed. **2005**;21:1-6.
10. Different low doses of broad-band UVA in the treatment of morphea and systemic sclerosis. Photodermatol Photoimmunol Photomed. **2004** Jun;20(3):148-56.
11. Suggested mechanisms of action of UVA phototherapy in morphea: a molecular study. Photodermatol Photoimmunol Photomed. **2004** Apr;20(2):93-100.
12. Effect of low –dose broad band UVA on serum concentrations of procollagen I synthesis and degradation and procollagen III synthesis in morphea. The Gulf Journal of Dermatology and Venereology. **2003** Apr; 10(1): 15-25.
13. Low-dose broad-band UVA in morphea using a new method for evaluation. Photodermatol Photoimmunol Photomed. **2000** Apr;16(2):43-9

14. A comparative study between PUVA and psoralen-UVB in the treatment of psoriasis. Journal of Pan Arab League of Dermatologists. **1999** Oct; 10(3)27-32.

***In Egyptian Journals:***

1. Tissue liver X-receptor-a (LXRa) level in acne vulgaris, **2013**
2. Phototherapy in vitiligo: a comparative evaluation of various therapeutic modalities, **2012**.
3. An immunohistochemical study of laminin in cutaneous & mucosal squamous cell carcinomas, **2007**.
4. The tissue expression of insulin-like growth factor (IGF-I) in acrochordons, **2007**.
5. Pulsed dye laser treatment of erythema and telangiectasia in cases of rosacea and discoid lupus erythematosus, **2006**.
6. Effect of low-dose broad-band UVA on serum concentrations of procollagen I synthesis and degradation, and procollagen III synthesis in morphea, **2003**.
7. Immunohistochemical study of vascular cell adhesion molecule-1 (VCAM-1) in psoriasis, **2001**.
8. Tumour necrosis factor receptor II (TNF-RII) in cutaneous and oral lichen planus: Serum and tissue levels, **2001**.
9. Detection and localization of human papilloma virus (HPV) in skin tags by PCR in situ hybridization, **2000**.
10. Serum squamous cell carcinoma antigen (SCCA) is a marker of disease activity in psoriasis. A comparison of SCCA, sIL-2R, IL-2 (CD-25), HLA-DR+Tcells, CD4, CD8 and  $\beta$ 2-microglobulin, **1999**.
11. Immunohistochemical examination of tumour suppressor gene P53 in xeroderma pigmentosum versus precancerous and cancerous skin conditions, **1999**.

**Attendance of Workshops:**

***a-Workshops to enhance development of education and research:***

Principles of Biostatistics [2000].

Establishment of internal quality assurance system at Faculty of Medicine. Preparation of course specification workshop [2004].

Research methodology [2005].

Teaching methods[2005].

Evidence Based Medicine Workshop. How to generate a systematic review [2006].

Management of Research [2007].

Assessment methods [2007].

Total quality management [2007].

Postgraduate program and course specification workshop [2007].

june 2009 Portfolio for postgraduate accreditation

Managing curriculum change,

Principles and practice of assessment june 2009.

Training of Trainers, preparatory level (2012).

Training of trainers, supplementary level (2013)

***b- Workshops to enhance clinical practice:***

Botox [2007].

Fillers [2007].

Chemical Peeling [2007].

Mesotherapy [2007].

Injection Lipolysis [2007].

Dermatopathology [2007].

Dermoscopy Skills: Basic & Advanced [2008, 2012].

***c- Workshops to enhance soft skills:***

Social Behaviour Styles Workshop [2008]

Training of Trainers (TOT) Courses: Preparatory 59 December2012.

Supplementary 21 March 2013

**Personal Skills:**

- Excellent command of written and spoken Arabic, English and German languages. Fair knowledge of written and spoken French language.

- Excellent presentation skills.

- Very good command of Microsoft Office computer applications (Word & PowerPoint).

**Personal Information:**

Date of Birth: 23/06/1965.

Nationality: Egyptian.

Gender: Female

Address: Sheikh Zayed City, Cairo, Egypt.

**Contact Information**

Work Address: Dermatology Department, Faculty of Medicine, Kasr AlAini, Cairo  
University, Manial, Cairo.
