New Clinical Gait Assessment Scale for Children with  
Idiopathic Toe Walking Gait”  
Scholarship Showcase, New York University

**June 2016**

Presenting one of my researches works “Reliability of a  
New Clinical Gait Assessment Scale for Children with  
Idiopathic Toe Walking Gait”  
APTA Next Conference

**February 2010**

The 1<sup>st</sup> cairo international symposium for CP,evaluation  
and mangement,

Venue: Learning Resource centre, faculty of Medicine,  
Cairo University

**March 2008**                      The 12th international Scientific Conference of physical  
therapy, Cairo University, Egypt

**March 2007**                      The 11th international Scientific Conference of physical  
therapy Cairo university, Egypt

**March 2006**                      The 10th international Scientific Conference of physical  
therapy Cairo university, Egypt

### **TEACHING EXPERIENCE**

My preferred teaching subject is pediatric movement disorders. I have experience of teaching graduate students since 2009 up to 2012 in variety of applied and practical. I have also experience of teaching the graduate students at New York University in applied and practical sessions.

### **LANGUAGE SKILLS:**

- Arabic (spoken/written excellent)
- Second language: English (spoken/written very good) I passed English language exam (TOFEL, the local and international testing program).

## **INTERESTS**

- Reading in advanced research about the new technology and new methods in treatment.
- Participate in social events for the patients for psychological support.
